BEFORE

AFTER

SmartXide DOT's customized settings generate excellent results.

Introducing Water-Jet Assisted Liposuction for Aesthetic Body Contouring

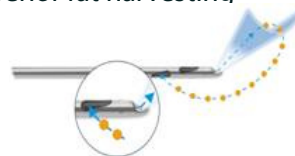

Body-jet water-jet assisted liposuction (WAL) sets a new standard in liposuction. WAL is gentle method which utilizes simultaneous irrigation and aspiration to gently flush out fat.

AquaShape®

Body-jet causes minimal stress to aspirated fat cells, resulting in superior harvesting opportunities for fat grafting – without the need for time consuming processing.

- Increased patient safety
- Improved accuracy
- Reduced procedure time
- Superior fat harvesting

Simultaneous irrigation and aspiration gently flushes out fat.
